#### BETHEL

Granite Cutting Suspended Because of Lack of Power.

The partial collapse of the foundation of the boilers at the auxiliary electric plant of the Gayville Electric Light & Power Co. at this village has resulted in the cessation of work at the Woodbury Granite Co.'s shed until the construction crew under William H. Smith, hurriedly transferred from the new steam plant at the quarry, can restore the wall and re-ly the brickwork around the boilers. Work at the quarry has not been interrupted day or night, power from the dams at Gayville and Bethel proving sufficient for that purpose as well as for the company's lighting contracts.

A son was born Dec. 1 to Mr. and Mrs. Edward Dumbella. Leon Johnson and family are here from Waterbury to attend the funeral of the late Lucille Powers today.
